

Get vaccinated.

Get your smartphone.

Get started with v-safe.

V-safe is a smartphone-based tool that uses text messaging and web surveys to provide personalized health check-ins after you receive a COVID-19 vaccination. Through v-safe, you can quickly tell CDC if you have any side effects after getting the COVID-19 vaccine. Depending on your answers, someone from CDC may call to check on you and get more information. In addition, v-safe will remind you to get your second COVID-19 vaccine dose if you need one.

## How to Register and Use v-safe

When you get a COVID-19 vaccine, your healthcare provider will give you a v-safe information sheet. This sheet provides instructions on how to register and use v-safe.

You will need your smartphone and information about the COVID-19 vaccine you received. This information can be found on the vaccination record card you received during your vaccination; if you cannot find your card, please contact your healthcare provider.

## Register

1. Go to the v-safe website <https://vsafe.cdc.gov/>. Read the onscreen instructions and click **Get Started**.
2. Enter your name, mobile number, and other requested information. Click **Register**.
3. You will receive a text message with a verification code on your smartphone. Enter the code in v-safe and click **Verify**.
4. At the top of the screen, click **Enter vaccine information**.
5. Select which COVID-19 vaccine you received (found on your vaccination record card; if you cannot find your card, please contact your healthcare provider) and enter the date you were vaccinated. Click **Next**.
6. Review your vaccine information. If correct, click **Submit**. If not, click **Go Back**.
7. **Congrats!** You're all set! If you complete your registration before 2 p.m. local time, v-safe will start your initial health check-in around 2 p.m. that day. If you register after 2 p.m., v-safe will start your initial health check-in immediately after you register — just follow the instructions.

## Complete a v-safe health check-in

1. When you receive a v-safe check-in text message on your smart phone, click the link when ready.
2. Follow the instructions to complete the check-in.
